Christmas Trends

MERRY, BRIGHT & RUSTIC

Bringing in the cozy vibes of the winter season with rustic Christmas decorations is on trend this year. Plaids, lanterns, woody accents, and traditional colors make for a warm and inviting home for holiday guests. A hot cocoa bar helps too!

VINTAGE & NOSTALGIC

Vintage glass ornaments, ceramic trees, snow globes, and Christmas villages have been popping up in homes everywhere in the last couple of years. Displaying Grandma's vintage ornaments brings a connection to our loved ones as well as some serious warm and fuzzies.

NEUTRAL, ORGANIC & NATURAL

Recent Christmas trends have veered toward those that can be seamlessly woven into a home's existing color scheme which these days means whites, navy, black, grays and natural wood tones. Christmas decorating in these neutrals has proven to be just as festive as an all-out red and green Christmas color scheme.

Christmas Holiday DECORATING TIPS

1. Add timers to your Christmas lights and schedule them to go on when it starts to get dark. You can get an add-on from your local hardware store if your light sets don't have one. It makes the holiday season easy-breezy!
2. Match your gift wrapping with the look of your tree. Presents are an extension of the Christmas tree décor. Add another layer by choosing a wrapping paper that goes with your overall holiday look.
3. Shop your house. Ornaments already in your collection are any easy way to decorate. Arrange them in bowls, vases or baskets to punch up holiday décor.
4. Twinkle lights, candles, and firelight warm up your space.
5. Bring outdoor Christmas décor in! Bring in your favorite holiday characters and place them fireside or next to your Christmas tree.
6. Layering textured blankets and pillows creates a cozy atmosphere. Make it a place to unwind and spend time with your favorite people and soak up cozy holiday vibes.
